

## Presenting "PA 161: A Collaborative Practice" Speaker Bonnie Nothoff, RDH

Thursday, September 9, 2010, 6:00 pm  
Delta College, Room F240  
University Center, MI 48710

This is a very challenging and exciting time for the practice of dental hygiene. Find out how to utilize your skills, knowledge and professionalism in an alternative setting. Many of your questions will be answered through a very concise, informative and interactive PowerPoint presentation by our very own Bonnie Nothoff, RDH.

Bonnie is MDHA's director of Governmental Affairs and our legislative representation in Lansing. She has taken the PA 161 concept from its infancy and made it the reality it is today. Prior to her current position, she was a trustee for four years, president of the MDHA and affiliated with the Mideast, Genesee and Northland components. Bonnie received her RDH through Delta College where she was a clinical instructor for six years and is certified in Local Anesthesia and Nitrous. She is very active politically and has run for state representative in the past.

This course has been designed to help you understand this new concept and how it can apply to YOU. There will be an opportunity at the end of the presentation for questions.

For further information about providing care to the underserved, the book *A GUIDE TO PREVENTIVE DENTAL CARE* will be available for purchase. The cost is \$25.
