UPDDHS continues to celebrate 35 years of promoting and protecting dental hygiene in the Upper Peninsula. This webinar is part of that celebration. Members receive free CE's during this 35th year.

Your membership in our association is greatly appreciated so that we can continue the hard work of the members who have tirelessly volunteered and supported this association for the past 35 years.

We encourage new membership. Your membership dollars help us continue the work of the association.

**The Mission of this Association shall be to improve the public's total health by advancing the art and science of dental hygiene and promoting the highest standards of education, licensure, research and practice.**

# PEEK INSIDE DENTAL LAB

KATJA KRULL, CDT

Katja Krull has been a Certified Dental Technician since 1990. She operates a full service dental lab where she works making dentures, crowns, bridges, and occlusal guards. She began her dental technician career in Germany. She moved to the United States 14 years ago. She is active in her professional association both on the state and national level. She is also a Certified Dental Assistant.

Katja will be sharing the many steps it takes to make a full gold crown. She will also share her experiences fabricating dentures and the esthetic considerations when choosing the proper color, shape, and size of teeth.
