

# SEPTEMBER WELCOME MEETING

TUESDAY SEPTEMBER 30, 2014

ITALIAN AMERICAN CULTURAL CENTER  
6-9 PM

Soup, Salad with Grilled Chicken  
Various Desserts  
(meals are not confirmed)

Angelo DiMaggio, PT, Diplomat MDT  
Certified Spine Therapist

CEO, American Headache Institute  
Head, Neck, & Facial Pain Treatment Center  
Rochester Hills, MI

Mr. Angelo DiMaggio has been in practice for over 30 years. He has devoted the past 25 years exclusively to the treatment of spinal pain. Mr. DiMaggio is a nationally renowned lecturer; he presents a new system of spine care with a series of six spine seminars he has developed. Through major medical centers and universities, he has conducted over 500 seminars and instructed more than 10,000 medical practitioners and physicians. Seeking to address the needs of his patients suffering from headaches, migraines, TMJ, neck and orofacial pain, he has devoted 4 of his 6 seminars to deal exclusively with the treatment of these conditions. Mr. DiMaggio's passion for helping those who suffer from severe, unresponsive head, neck, and facial pain is seen by his willingness to train others. He now turns his commitment to the creation of treatment centers nationwide which utilize his highly specialized, scientific-based treatment system.

*This lecture will present both scientific evidence supporting the cervical spine in the production of TMJ and orofacial grinding, bruxism, headache, migraines, perplexing symptoms of the face and how based cervical spine care can assist in relieving TMJ and orofacial pain.*

**TITLE**

Expanding Your Dental Services:  
New Evidence-Based Solutions for  
Clenching, Grinding, and  
Unexplainable TMJ & Tooth Pain  
as Related to the Cervical Spine

- OBJECTIVES**
- Be up-to-date on cutting edge cervical spine research for the production of face and head symptoms.
  - Have a clearer understanding of cervical neuroanatomy, pathology, and biomechanics as they relate to tooth and facial pain.
  - Appreciate the safe and effective application of cervical biomechanics through posture correction and movement analysis with a live patient demonstration.
  - Be able to conduct a 2 minute cervical history & examination which can help you reveal a dental patient's cervical involvement.

# SAME FEE AS LAST YEAR!!
