4 “live” CE via ZOOM 8:30 AM – 12:30 PM EDT

“EMERGING TRENDS

Linking Oral and Systemic Health”

By Carol Jahn, MS, Sponsored by Water Pik, Inc.

This course will provide the dental team with changing trends and current evidence on the link between oral and systemic health and provide talking points for patient discussions and recommendations.

**LEARNING OBJECTIVES:**

- Understand the difference between association and causation.
- Assess the strength of the science supporting oral systemic relationships.
- Discuss the oral systemic relationships for CVD, adverse pregnancy outcomes, diabetes, dementia and cancer.
- Develop talking points for patient discussions.
- Evaluate professional and self-care for managing periodontal disease in at-risk patients.

**LOCATION:** Virtual Seminar via ZOOM – link to be sent week of seminar to registered attendee’s email address.

**REGISTRATION:** 4 “live” CE for $68 (10% Covid -19 discount)
